Guarantee

Examsoon provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!.

Features

1. Comprehensive questions with complete details
2. Instant Downloadable in PDF form.
3. Verified Answers Researched by Industry Experts
4. Questions accompanied by exhibits
5. Drag and Drop questions as experienced in the Actual Exams.
6. These questions and answers are backed by our GUARANTEE.
7. Questions updated on regular basis.
8. Like actual certification exams our product is in multiple-choice questions (MCQs).

1. Frame Relay adopts () as the switching method.

- A.Routing
- B.Circuit switching
- C.Fast switching
- D.Packet switching

Answer: d

2. A network protocol is a set of rules and conventions that prescribe how network devices inter-communicate. The communication parties shall understand and abide the protocol. ()

- T.True
- F.False

Answer: t

3. Which layer of the OSI reference model implements encryption. ()

- A.Physical layer
- B.Transport layer
- C.Session layer
- D.Presentation layer

Answer: d

4. Both the transport layer and the data link layer perform error check. ()

- T.True
- F.False

Answer: t

5. Common routing protocols are ().

- A.IPX
- B.OSPF
- C.RIP
- D.IP

Answer: bc

6. To test the gateways that a packet will pass through from the source host to the destination, use the command () in the H3C COMWARE command line.

- A.ping
- B.tracert
- C.show path
- D.display path

Answer: b

7. What algorithm is adopted in PPP CHAP authentication? ()

- A.MD5
- B.DES
- C.RSA
- D.SHA

Answer: a

8. Two routers are in back-to-back connection with the following configuration. Can they communicate with each other? ()

[Router1] display current-configuration

```
#
sysname Router1
#

A.Yes

B.No

C.No decision can be made, for there is not enough information.

Answer: a

11. The command to save the current configuration on the H3C router COMWARE 3.4 is ().

A.write

B.save

C.copy

D.reset

Answer: b

12. The H3C AR routers can be upgraded in different ways. Which of the following is not supported? ()

A.Xmodem

B.FTP

C.TFTP

D.HGMP

Answer: d

13. Which of the following is right about OSPF? ()

A.It is fast in convergence.

B.It is loop-free, and supports variable-length subnet mask.

C.It supports equal-cost multipath and area division.

D.It supports authentication, and the protocol packets sending with multicast.

Answer: abcd

14. RIP adopts () as the transport protocol with the port number 520.

- A.TCP
- B.UDP
- C.IP
- D.PPP

Answer: b

15. The types of ACLs are identified with numbers. The range 4000-4999 refers to the ().

- A.Interface-based ACL
- B.Basic ACL
- C.Advanced ACL
- D.MAC-based ACL

Answer: d

16. The TFTP port number is ().

- A.TCP port 68
- B.UDP port 68
- C.TCP port 69
- D.UDP port 69

Answer: d

17. DCC can carry IP or IPX independently, or carry them at the same time. ()

- T.True
- F.False

Answer: t

18. Which of the following is a correct description of IP address? ()

- A.Each IP address contains the network address and the host address.
- B.The minimum IPv4 address is 0.0.0.0, and the maximum is 255.255.255.255.
- C.32-bit binary address is used.
- D.The IP address mask and the IP address perform Boolean AND operation. The bits with the result value 0 are the host bits.

Answer: abc

19. Which of the following is a correct description of subnet mask? ()

- A.There are two ways to express the subnet mask. One of them uses mask length.
- B.It decides which part of the IP address identifies the network, and which part identifies the host.
- C.The address mask of Class A addresses is 255.255.0.0.
- D.None of the above is right.

Answer: ab

20. Which of the following is an application layer protocol that uses port number 25? ()

- A.FTP
- B.TFTP
- C.Telnet
- D.SMTP

Answer: d

Examsoon.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially [Adobe](#), [Apple](#), [Citrix](#), [Comptia](#), [EMC](#), [HP](#), [Juniper](#), [LPI](#), [Nortel](#), [Oracle](#), [SUN](#), [Vmware](#) and so on. And help you pass any IT Certification exams at the first try.

we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!
