Guarantee

Examsoon provides the most competitive quality of all exams for the customers, we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!.

Features

1. Comprehensive questions with complete details
2. Instant Downloadable in PDF form.
3. Verified Answers Researched by Industry Experts
4. Questions accompanied by exhibits
5. Drag and Drop questions as experienced in the Actual Exams.
6. These questions and answers are backed by our GUARANTEE.
7. Questions updated on regular basis.
8. Like actual certification exams our product is in multiple-choice questions (MCQs).

1. In B-Series virtual fabrics, which feature allows you to access devices in another virtual fabric?

- A. Inter-VSAN Routing
- B. Inter-Fabric Routing
- C. Cross-VSAN Routing
- D. Cross-Fabric Routing

Answer: B

2. How can you improve iSCSI host performance in a SAN?

- A. Upgrade to CommandView 7.
- B. Use NICs with TOE (TCP/IP Offload Engine).
- C. Enable NPIV (N_Port ID Virtualization) support.
- D. Disable SLP (Service Location Protocol) Service Agent.

Answer: B

3. Which tool helps you design a SAN that includes HP Blade servers?

- A. SANsurfer
- B. SAN Visibility
- C. SAN Designer
- D. Blade Designer

Answer: C

4. Which SAN switch management tool, previously only available as an embedded version, is now separately available on CD?

- A. Emulex EZpilot
- B. McData HAFM
- C. Cisco Fabric Manager
- D. Brocade Fabric Watch

Answer: C

5. What are benefits of logical fabrics? (Select three.)

- A. port count reduction
- B. easier administration
- C. fabric service isolation
- D. increased performance
- E. fault propagation minimization
- F. device sharing across logical fabrics

Answer: C, E, F

6. Which tool would you use to quickly survey a SAN environment?

- A. HP SAN Surveyor

- B. HP SAN Designer
- C. HP CommandView
- D. HP SAN Visibility Tool

Answer: D

7. Brocade Secure Fabric OS is running on a fabric with four switches. If you are logged in to one of the switches and change the Admin password, which switch or switches will have the password changed?

- A. all the switches
- B. LDAP-enabled switches only
- C. only the switch you are logged in to
- D. only switches connected to the Ethernet

Answer: A

8. Under ideal operating conditions, what is the maximum supported, long-wave transceiver distance with B or C-Series Switches and 4Gb SFPs?

- A. 4km
- B. 10km
- C. 35km
- D. 100km

Answer: B

9. Which password authentication service can be used on Brocade switches in addition to the local switch database?

- A. NIS
- B. LDAP
- C. RADIUS
- D. Kerberos

Answer: C

10. Where do you find the essential security elements in B-Series Fibre Channel switches running firmware v5.3.x?

- A. base Fabric OS
- B. Secure Fabric OS
- C. ISL Trunking manager
- D. switch port web interface

Answer: A

11. A customer decides on HP c-Class BladeSystem as a corporate standard for servers. You must implement SAN integration of the blades into a very large fabric. The customer is concerned about the maximum switch count. Which interconnects will you recommend? (Select two.)

- A. QLogic 4Gb Fabric Switch
- B. Cisco MDS 9124e Fabric Switch
- C. Emulex 4Gb Advanced SAN Switch
- D. HP 4Gb Virtual Connect Fibre Channel Module
- E. Brocade 4Gb SAN Switch in Access Gateway mode

Answer: D, E

12. A customer wants to replicate data between two sites 200 km apart. Which HP SAN product would you recommend?

- A. MPX 100
- B. MPX 110
- C. MPR 100
- D. MPR 110

Answer: B

13. What is an advantage of iSCSI when compared to Fibre Channel?

- A. less protocol overhead
- B. no additional customer knowledge required
- C. easily provisioned through HP Storage Essentials SRM
- D. existing Ethernet infrastructure can be used to create a SAN

Answer: D

14. Which SAN services are provided by the HP StorageWorks 400 Multi-Protocol Router (MPR)? (Select two.)

- A. ISL zoning
- B. FCIP tunneling
- C. IP-IP subnet routing
- D. iSCSI-FC translation
- E. FC-FC subnet routing

Answer: B, E

15. John, your customer, has a SAN built on B-Series switches. He calls you because he heard about a new feature which allows him to distribute administrator responsibilities among his staff. After research, what is your recommendation to John?

- A. Upgrade to Secure Fabric OS version 5.2.
- B. Purchase the Advanced Administration license.
- C. Implement Distributed Administration through Fabric Manager.
- D. Implement Admin Domains available since Fabric OS version 5.2.

Answer: D

16. A customer is expanding a SAN to 400 switch ports, but has limited rack space. Which single Director switch model is recommended?

- A. Cisco MDS 9509 Director
- B. Cisco MDS 9513 Director
- C. HP StorageWorks 4/500 SAN Director
- D. HP StorageWorks 4/256 SAN Director

Answer: B

17. You are merging two fabrics and receive a fabric segmentation error that indicates the definition of a zone object in one fabric is different from its definition in the other fabric. What can cause this error?

- A. duplicate IDs
- B. zone type mismatch
- C. zone content mismatch
- D. zone configuration mismatch

Answer: C

18. Which application can be used to set up network shares and provision iSCSI storage?

- A. Brocade Fabric Manager
- B. HP Data Protector Express
- C. HP CommandView EVA 7.0
- D. HP All-in-One Storage Manager

Answer: D

19. Which zoning enforcement types do Fibre Channel switches provide to protect against unauthorized access? (Select two.)

- A. access authorization
- B. port-zoning authentication
- C. RADIUS server authentication
- D. directory access authorization
- E. soft-plus zoning by login authentication

Answer: A, E

20. How many drives can be held by the M6412 drive shelf?

- A. 8
- B. 12
- C. 14
- D. 16

Answer: B

Examsoon.com was founded in 2006. The safer,easier way to help you pass any IT Certification exams . We provide high quality IT Certification exams practice questions and answers(Q&A). Especially [Adobe](#), [Apple](#), [Citrix](#), [Comptia](#), [EMC](#), [HP](#), [Juniper](#), [LPI](#), [Nortel](#), [Oracle](#), [SUN](#), [Vmware](#) and so on. And help you pass any IT Certification exams at the first try.

we guarantee your success at the first attempt with only our Certification Question&Answers, if you do not pass the exam at the first time, we will not only arrange FULL REFUND for you, but also provide you another exam of your claim, ABSOLUTELY FREE!
